The County Assessor stated her means of arriving at the values were by following the rules and regulations set by the Property Assessment and Taxation Division. The Nebraska Assessor's Reference Manual, Nebraska Agricultural Land Valuation Manual, 2015 Reports and Opinions of the Property Tax Administrator and the Dixon County Sales Book were all available during the protest hearings. The County Assessor presented documentation of assessment practices and procedures, to be made a part of each session of the County Board of Equalization and a part of the record of each protest by reference for these proceedings of the Dixon County Board of Equalization.

At this time the Board commenced a taped recording of considerations of taxpayer's written and oral protests, in reference to the 2015 valuation protests, which had been filed on or before June 30, 2015. Hearings were held on protest numbers one through seventeen. Consideration was given to the protests and the County Clerk will notify the protestors of the Board's decision.
